

PRESS RELEASE

FOR IMMEDIATE RELEASE

Corporate Translations named one of Hartford's Top Workplaces

At a reception held Thursday, September 20th, the Hartford Courant and FOX CT recognized Corporate Translations as one of 2012's Top Workplaces in Connecticut.

HARTFORD, CT. – (September 21, 2012) – The Hartford Courant and FOX CT recently honored Corporate Translations, a leading provider of translation and linguistic validation solutions to the biopharmaceutical industry, as one of the Top Workplaces in Connecticut in the small business category (50-149 employees in the Greater Hartford area). The Hartford Courant teamed with WorkplaceDynamics, LLP to survey employees in order to find Connecticut's best places to work. This year, a total of 649 employers were nominated. Awards were given based on the 11,592 employee responses to the survey.

"We are gratified to be named one of 2012's Top Workplaces," said Mary Gawlicki, President. "While we've always strived to create meaningful work for our employees as well as a rewarding environment, it is really the employees themselves who make Corporate Translations such a great place to work."

Corporate Translations was nominated by a current staff member for inclusion. All its employees then completed a survey created and conducted by WorkplaceDynamics, LLP, an organization that specializes in creating employee surveys, to gauge employees' opinion of and engagement in their workplace. The survey focuses on topics such as company leadership, growth potential, career development, competitive compensation, family-friendly policies and more.

Corporate Translations values the highly-qualified, innovative, and hard-working staff that has contributed to making it the leading translation provider that it is today. The company strives to continually improve its processes in order to make employees' work both easier and more efficient while at the same time providing opportunities for advancement within the company.

In addition to its generous and comprehensive benefits package and in-depth professional development program, Corporate Translations also sponsors a Wellness Program, road race fee reimbursement (company reimbursement for fees associated with races run/walked to support local charities) and events where different local organizations come in to help teach employees different techniques on how to relax, rejuvenate and stay healthy. These events have included Zumba classes, yoga classes, a massage service and art therapy sessions. Other Employee Appreciation Events include "happy hour" socials, luncheons, and holiday parties.

The Hartford Courant stated, "Top Workplaces are not only better places to work but are more likely to be successful than peer organizations." Corporate Translations is very pleased to be recognized by its employees in this way. For the complete list of winners, visit <http://www.courant.com/business/topworkplaces/>.

About Top Workplaces

Top Workplaces was set up by WorkplaceDynamics in 2006. The whole program is based on the simple belief that "The most successful companies are the ones that employees believe in." The Top Workplaces program recognizes good employers from 30 regional lists and one national list. The evaluations for the lists are based purely on employee opinions, which are gathered through the tried and tested. Top Workplaces lists are compiled based on employee's opinions of their employers. Our regional publishing partners produce special sections profiling the winners. For more information about Top Workplaces, please visit: <http://www.topworkplaces.com/about.php>.
